Dear Dr. Peterson:

Re: Water Quality Solutions Conference

Thank you for the recent letter and information on the Safe Drinking Water Foundation's Water Quality Solutions Conference.

We appreciate your work to inform people on issues surrounding safe drinking water, and I will pass along this information to SaskWater staff who may be interested in attending.

The Water Quality Solutions Conference looks to be a valuable forum for community leaders to share experiences and dialogue on how to move toward practical and achievable solutions. We wish you every success with the conference.

Sincerely,
