Dear Dr. Peterson:

Thank you for your recent letter regarding safe drinking water in Canada and the enclosed copy of your brochure relating to the upcoming Water Quality Solutions Conference, scheduled to take place from September 24-28 2007.

Regrettably, I *will* be unable to attend this very important conference as I am scheduled to be out of Province. However, I appreciate being made aware of your efforts to implement safe drinking water across Canada.

Again, thank you for sharing this information with me. All of the best!

Yours sincerely,

Ken Kowalski
Speaker of the Legislative Assembly
M.L.A., Barrhead-Morinville-Westlock Constituency

c.c. Honourable Rob Renner, Minister of Environment
