Dear Dr. Peterson:

The Canadian Institute of Public Health Inspectors, Saskatchewan Branch, would like to offer our sincere appreciation for your participation at our national conference this year in Saskatoon. Your attendance provided important information and inspired positive discussion.

Since the last century, public health inspectors have strongly promoted the right of all individuals to a source of safe drinking water. Our members work closely with individuals and communities and are well aware that many people still do not have access to safe, reliable water and appropriate information.

The commitment of the Safe Drinking Water Foundation to this important issue, through research and public education, is to be commended. We look forward to all opportunities for partnership or mutual support in meeting our most similar goals.

Sincerely,

A handwritten signature in black ink that reads "Richard Bader".

Richard Bader
President
CIPHI - Saskatchewan Branch
