Dear Dr. Peterson,

On behalf of Farm Credit Corporation (FCC), I would like to commend the Safe Drinking Water Foundation (SDWF) on significant progress achieved during its first year-and-a-half of operation. FCC shares the Foundation's concern for the health and well-being of rural residents across Canada.

We applaud SDWF's public education and research initiatives. As a key start-up supporter of the Foundation, FCC has provided communications assistance through web site and newsletter development.

All Canadians need safe drinking water to be healthy. FCC is proud to support the SDWF toward this goal.

Sincerely,

Kellie Garrett
